

Sizewell C Notice to Mariners No 1 of 2025

Waverider Replacement

NOTICE IS HEREBY GIVEN: That an operation to replace the Sizewell C Waverider buoy will take place on 7th February 2025.

Waverider Replacement

The work will be carried out in position 52°12.45'N 001°41.06'E by the 74m, blue hulled research/survey vessel *RV Cefas Endeavour*.

This will include recovery of the previous clump weight and the deployment of a new serviced Datawell Directional Waverider buoy.

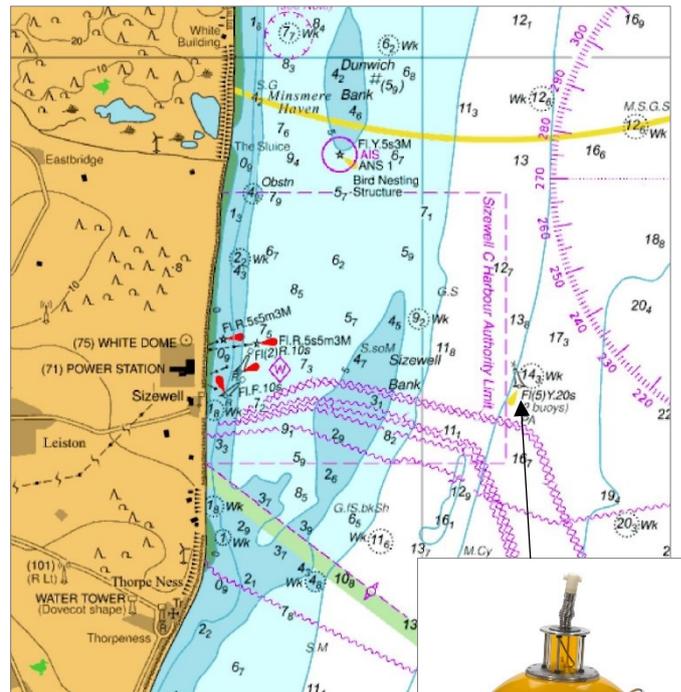

The works are expected to take place during daylight hours on 7th February 2025 and be of up to 12 hours duration.

Other vessels should maintain minimum safe distance of 500m when passing *RV Cefas Endeavour* whilst it is undertaking operations and should pass at the lowest speed to avoid-effects of wash.

The survey vessel will maintain a continuous listening watch on VHF Channel 16.

This chart shows the planned survey area where operations will be undertaken.
