

Sizewell C Notice to Mariners No 6 of 2025

Intertidal Drone Survey

NOTICE IS HEREBY GIVEN: That an intertidal drone survey will take place on the week commencing 21st April 2025.

Intertidal Drone Survey

The intertidal drone survey will be carried out in the intertidal and subtidal area of Sizewell Beach (up to 2.0 metres water depth)

The intertidal drone survey will be carried out by a DJI 300 RTK, a multirotor UAV. An example of the UAV can be seen in Figure 1.

The survey will take place between Saturday 26 April 2025 and Monday 28 April 2025 during daylight hours and is anticipated to last for up to 3 days (weather permitting).

The UAV will utilise a MagNIMBUS sensor to survey the nearshore areas of Sizewell Beach, at an approximate height of 0.5 metres to 1.5 metres above sea level.

The chart below shows the planned survey area where operations will be undertaken. The coordinates of the survey area are as follows:

Latitude	Longitude
52.22286955	1.62508323
52.22290927	1.62457286
52.21796565	1.62453540
52.21795582	1.62490995
