

# Sizewell C Notice to Mariners No 10 of 2026

## Diving Emergency Drill

Mariners are advised that on or around the 11<sup>th</sup> February the vessel C - ODYSSEY will be conducting a diving emergency drill within Sizewell C Harbour.

This exercise will entail the vessel lying to a four-point mooring spread which will render her unable to manoeuvre for the duration of the exercise. Each of the four mooring legs will be marked by a yellow buoy with light characteristics Fl Y 5s

The position of these works/coordinates of the buoys are as per below

Latitude	Longitude
52°13.846'N	1°38.372'E
52°13.845'N	1°38.490'E
52°13.779'N	1°38.491'E
52°13.780'N	1°38.370'E

This position is marked with a blue circle on the chart below.

At the time that divers are about to enter the water, the C-Odyssey will broadcast on VHF CH12 a message to announce this and to request a 500m exclusion zone around her position for the duration of the dive which is expected to be around 30 minutes. The C-Odyssey will announce the completion of dive operations once divers are clear of the water, at which the 500m exclusion zone will cease to apply.

Upon completion of the drill, the four mooring legs and marker buoys will be removed within 48 hours.

**The C-Odyssey can be contacted on VHF Ch 12 & 16. All vessels are requested to give the C-Odyssey a wide berth during this operation and pass at slow speed.**

The vessel will display day shapes and lights as required by the COLREGS.

SZC Harbour Master

Date: 10/02/2026
