

Sizewell C Notice to Mariners No 13 of 2026

AtoN Changeout

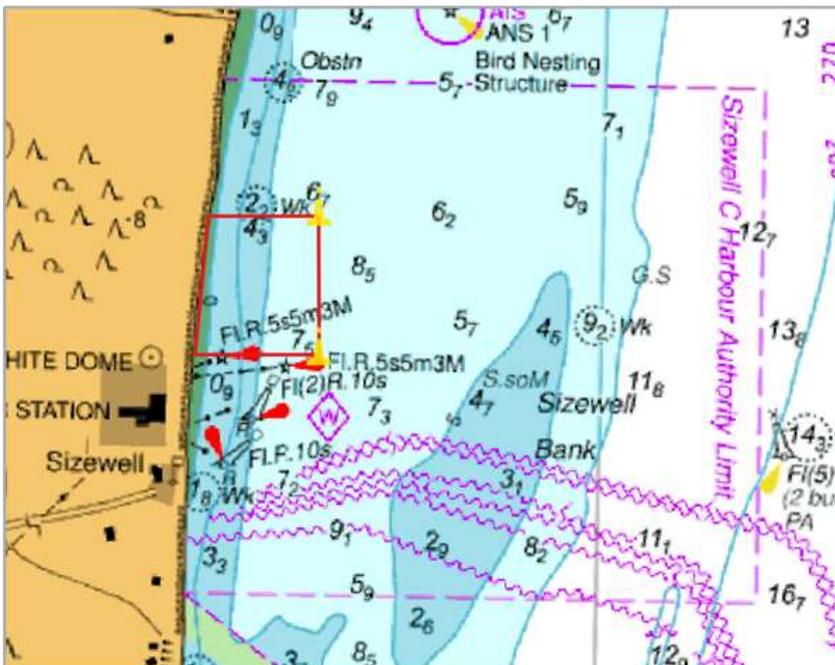

Mariners are advised that on or about the 4th March 2026 the buoy marking the NE corner of the Marine Construction Zone (MCZ) in position 52° 13.44' N 001° 38.22' E will be changed out. The new buoy will be similar to the buoy being replaced, and light characteristics will remain at Fl Y 5s

The operation will be carried out from the vessel C-Odyssey and is expected to take one day to complete.

All vessels should maintain an appropriate and safe distance when passing the C-Odyssey while she is engaged in this operation and should pass at the lowest speed to avoid vessel wash effects. All vessels should comply with the Colregs at all times. The C-Odyssey vessel will maintain a continuous listening watch on VHF Channel 16 and Channel 12 and will display the relevant day shapes and lights.

This chart below shows MCZ boundary and two yellow special marks demarcating the area at the following coordinates -

Latitude	Longitude
52° 13.44' N	001° 38.22' E
52° 12.90' N	001° 38.22' E

Neil Glendinning
