

Sizewell C Notice to Mariners No 16 of 2026

Arrival of Jack-up Barge NP497

MARINERS ARE ADVISED: That on or about the 1st April, the Jack up Barge (JUB) *NP497* is scheduled to arrive in Sizewell C harbour to conduct works on the Combined Drainage Outfall (CDO) and the Desalination Plant Intake and Outfall (Desal) as advised in Local Notice to Mariners No 11 of 2026.

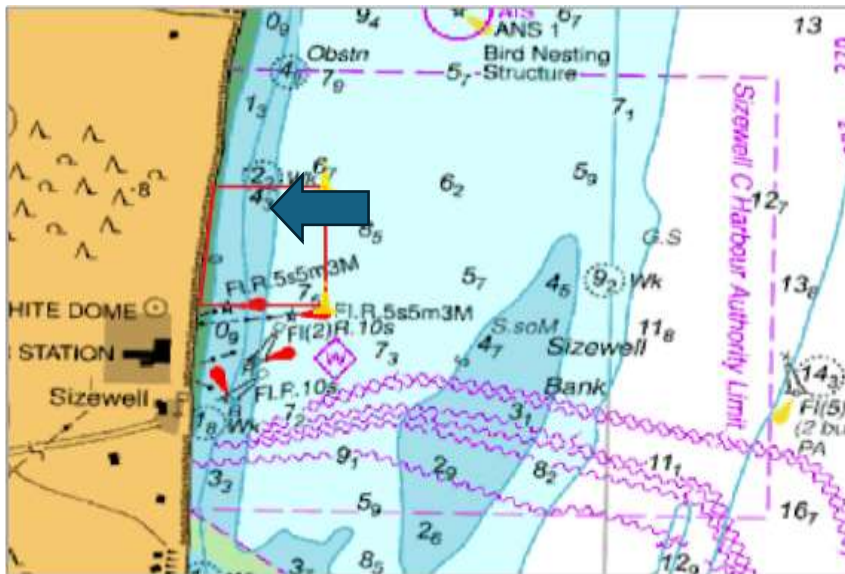

The *NP497* will be towed to the harbour approaches by the sea tug *Neptune 11* who will transfer the tow to the multicat *Paul D* for the final positioning of the *NP497*. This operation will take place near the northern edge of the Marine Construction Zone (MCZ) in an area already congested with the JUB *Excalibur* and associated service vessels. The tugs and the *NP 497* will be restricted in their ability to manoeuvre, accordingly all vessels are requested to give the *C-Odyssey* and *NP497* as wide a berth as possible during positioning operations and to pass at as slow a speed as is practicable.

This position is a stand-by position pending a move to the barge's operational position

All vessels will monitor VHF Ch12 throughout.

Intended temporary position of NP 497: Latitude 52° 13' 25"N
Longitude 001° 37' 44" E

Position indicated by blue arrow at Northern edge of the MCZ

SZC Harbour Master

Date: 30/03/2026
